Remarks

Freshly remodeled and full of charm, this one-story home lives light, bright, and effortlessly easy. White oak floors flow from room to room like a warm welcome, setting the stage for airy spaces and sun-drenched corners. At the heart of the home, the family room opens wide with vaulted ceilings, a cozy fireplace, and windows that pull the outdoors in. The kitchen feels like the place everyone wants to gather, with a wraparound breakfast bar, quartz countertops, a wine fridge, and a cheerful breakfast nook that soaks in the morning light. Just beyond, a spacious dining room offers the ideal spot for long dinners, holiday celebrations, or spreading out homework and craft projects. A bonus room with plantation shutters adds an extra dash of flexibility office, playroom, studio, you choose. The magic continues outside. French doors from the primary suite open straight to the pool, giving the whole space a resort-like feel. The oversized, solar-heated pool sits amid a lush, fenced backyard. A covered lanai waits for afternoon lounging, weekend barbecues, or quiet mornings with coffee and birdsong. Practical touches shine just as brightly, including an abundance of windows, a sunny laundry room near the primary suite, a functional open layout, and a 2-car garage offering storage.
